WHAT I OFFER

Services

01 Mobile App Development

Cross-platform Flutter apps for Android & iOS. Clean architecture, smooth 60fps UI, API integration, Play Store publishing.

Starting from $50

02 Web App Development

Modern React/Next.js websites with SSR, SEO optimization, responsive design, authentication, and cloud deployment.

Starting from $70

03 UI/UX Design

Pixel-perfect Figma designs with interactive prototypes, style guides, component libraries, and developer handoff.

Starting from $40

04 Backend / API

Secure, scalable REST APIs with Node.js/Express. JWT auth, rate limiting, database design, Docker, and CI/CD.

Starting from $80
